# pool gate lock & hinge systems

## top pull lockable latch

The Downee top pull latch has been designed with a contemporary edge to complement the modern styles of swimming pools today.

Made with the highest quality materials, you can trust it will withstand the elements to offer 100% reliable operation for many years to come.

### DPL100

- ✓ Independently tested in a NATA accredited laboratory
- ✓ Compliant with Australian and New Zealand pool safety standards
- ✓ The only latch with two magnets
- ✓ A deadlock feature to ensure the latching pin cannot be pushed or pulled up when it is locked
- ✓ Quick & easy installation with no need for spacers to clear external fence caps
- ✓ Vertical and horizontal adjustment
- ✓ Made with weatherproof materials to prevent rusting, binding and jamming
- ✓ Limited lifetime warranty

## gravity latches

The Downee Gravity Latch series offers a range of options to suit all applications with easy installation. Built to Downee's stringent standards, these latches are extremely durable and have been designed with safety as the highest priority. So you can always close your gate with confidence.

### DPG200

Double sided gravity latch (DPG200 and DPG300) for metal or wood gates

- ✓ 5 pin lock re-keyable both sides to other household doors
- ✓ 60mm long striker bolt allows for gate gaps from 12mm to 40mm
- ✓ Strong adjustable striker
- ✓ Suits 50mm to 125mm posts
- ✓ Right and left handed gate applications
- ✓ DPG300 features external spindle - no need to drill

### DPG100

Single sided gravity latch (DPG100) for metal or wood gates

- ✓ 5 pin lock re-keyable to other household doors
- ✓ 60mm long striker bolt allows for gate gaps from 10mm to 45mm
- ✓ Striker can be adjusted vertically
- ✓ Right and left handed gate applications

### DPG300

## self closing hinges

Like all Downee latches, our hinges are made using the highest quality materials available today.

Designed for smooth and sturdy operation, the DPH200 series of hinges self close gates up to 45Kg.

Suitable for left and right hand applications without the need to invert the hinge and ensuring easy access for tension adjustment at all times.

DPH200

- ✓ Self closing with adjustable tension
- ✓ Medium to heavy duty
- ✓ Easy height adjustment for perfect latch alignment
- ✓ Also available with 2 legs (DPH210) for easy alignment
- ✓ Available in kit with the top pull lockable latch (DPK200)
- ✓ Glass mounting kit available (DPHGGK)
- ✓ Safety cap available and included in selected kits

DPH210
